

Do you have severe asthma?

Participate in a study with the National Heart, Lung and Blood Institute at the National Institutes of Health (NIH) in Bethesda, Maryland

What is the study? The goal of this study is to increase understanding of what

causes persistent symptoms in patients with asthma. You will receive a thorough evaluation of your asthma as part

of this study.

Can I participate in this

study?

To participate in this study, you must be 18 years of age or older and have had a diagnosis of asthma for at least

one year.

Where is the study? The NIH Clinical Center, America's research hospital, is

located on the Metro Red line, Medical Center stop in

Bethesda, Maryland.

What is the cost? There is no cost to you for study-related tests.
